Summary

Business Intelligence leader with 8+ years of experience turning complex commercial and supply chain data into faster decisions across global e-commerce operations. I build reporting ecosystems, automate high-priority workflows, and partner with cross-functional teams to improve visibility, execution, and product planning. My work spans multi-country stakeholder environments, from scaling dashboards and weekly business reviews to identifying risk patterns and reducing losses, including initiatives that helped protect \$100K in inventory value.

Key Achievements

 8+ Years Experience across e-commerce, analytics, and supply chain operations	 \$100,000 + Saved Inventory value protected by liquidating high-aging items before expiry	 5 Markets Regional collaboration across Bangladesh, Pakistan, Sri Lanka, Nepal, and Myanmar
---	---	---

Experience

	Daraz - Alibaba Group Business Intelligence Manager, Global	Dhaka, Bangladesh 06/2023 - Present
- Led and mentored a team of 5 analysts from 3 countries, supporting complex data requirements of a large Global Supply Chain Team - Launched the initiative to develop, prepare and analyze Weekly Business Reviews (WBR) with complex analysis and data for management review - Prioritized high-impact reporting cycles, automating them to reduce management wait times from 4 hours to just 20 minutes - Applied strategic thinking to the data infrastructure roadmap, fostering an agile collaboration with engineering teams that optimized pipeline efficiency and halved dashboard loading times for global stakeholders - Coordinated with the Fraud Detection Team to identify and provide data on high-risk anomalies, resulting in the successful mitigation of internal threats and the termination of 2 employees for policy violations		
	Daraz - Alibaba Group Senior Business Analyst, Global	Dhaka, Bangladesh 11/2022 - 05/2023
- Responsible for creating business requirements document and functional specifications document - Working cross-functionally with 5 countries in analyzing, designing, and developing business solutions - Provide technical and non-technical assistance to the Project Management to develop project documentation		
	Daraz - Alibaba Group Assistant Manager, Commercial	Dhaka, Bangladesh 09/2021 - 10/2022
- Demonstrated accountability for regional commercial outcomes by orchestrating stakeholder responses to high-aging inventory, leveraging rigorous data analysis to mitigate \$100,000 in potential losses - Created real-time data dashboard integrating 23 live metrics for internal stakeholders to optimize decision-making and problem-solving - Spearheaded the deployment of three proprietary promotional engines powered by consumer behavior analytics; monitored a comprehensive training program for 50 personnel who conducted UAT and tracked product bundling and discounting features - Enhanced gross margin of Daraz Bangladesh retail channel by 7% from -5% to +2% through targeted commercial strategies		
	Daraz - Alibaba Group Senior Executive, Retail	Dhaka, Bangladesh 05/2020 - 08/2021
- Improved report generation speed by 50% by automating with FBI data visualization and Power Query - Created custom queries on relational databases (SQL) to aid in effective forecasting, replenishment, and demand planning of assortments - Successfully utilized multiple datasets to create a holistic stock report relevant to all stakeholders		
	Daraz - Alibaba Group Executive, Retail	Dhaka, Bangladesh 08/2018 - 04/2020
Improved stakeholder decision-making by creating a comprehensive stock report by combining 4 (Revenue, Warehouse, Product-Specific, Traffic) datasets		
	Bangalink Digital Communications Ltd. Intern, B2B	Dhaka, Bangladesh 02/2017 - 05/2017
Design outlay of propositions for settling deals with potential clients
